Blue Gum School Song (My Bonnie Lies Over the Ocean)

A school like no other is Blue Gum,
Montessori we’re proud to be!
Maria was a brilliant doctor
Who was born in Italy.

Chorus: Blue Gum is our school, what we learn here is for life, for life!
Children who come here learn lots of things for life!

In Junior we’re matching and sorting,
Numbers, letters and objects to name.
Learn to love the world we live in.
Independence the name of the game!

Chorus
In Middle we start to do team work,
We like things to always be fair!
Geometry, history and science,
Our learning continues there.

Chorus
In Upper we’re movers and shakers,
We learn things that will take us far!
Camp, outings and real in depth studies,
Each graduate is a star!

Chorus
Come visit us while we are working,
Observe us and watch us at play.
See teachers who heard that great doctor
Help children to learn each day!

Chorus
